GX Disc Printer PX1-1000

The GX Disc Printer provides the most economical solution in the industry for printing individual discs. The single-disc input makes the GX Disc Printer perfect for quick jobs on the run. Using the same great print engine and Vivera™ inks from HP, full-color, full-coverage CDs and DVDs print in less than sixty seconds at just twenty cents per disc, lowest on the market.

With a small footprint of just 11 ½" wide by 14" long, the GX Disc Printer fits easily on any desktop. Using a USB 2.0 cable, connectivity to your Mac or PC is effortless.
